*World Bank forecasts are frequently updated based on new information and changing (global) circumstances.*

*Consequently, projections presented here may differ from those contained in other Bank documents, even if basic assessments of countries' prospects do not significantly differ at any given moment in time.*

Cuba, Grenada, St. Kitts and Nevis, are not forecast owing to data limitations.

a. GDP growth rates over intervals are compound average; current account balance shares are simple averages over the period.

b. GDP measured in constant 2005 U.S. dollars.
